

## NOTICE OF PROPOSED PROJECT, M.A.T.O.C. PROPOSAL FORM

### AMENDMENT #2

**Date:** 19 August 2011

**OFFERED:** ( ) ESB ( X ) SB Set-aside  
( ) HUBZone ( ) SVDB ( ) 8(a)  
( ) UNRESTRICTED

**PROJECT TITLE:** Repair Fire Suppression, Bldg 826 Dobbins ARB, GA

**PROJECT DESCRIPTION:** Provide all labor, material, plant, equipment, supplies and coordination required to install fire suppression at Bldg 826 Dobbins ARB, GA.

**PROPOSAL DUE DATE:** All offers are due No Later Than 3:00 PM, EST, 25 August 2011 at the USPFO FOR GEORGIA. Email proposals will not be accepted. Facsimile proposals will not be accepted.

Address:  
USPFO FOR GEORGIA – P & C  
**ATTN: Linda Hennequant**  
P.O. Box 17882  
935 E. Confederate Ave., S.E., Bldg. 3, STE 143  
Atlanta, GA 30316-0882

#### QUESTIONS AND ANSWERS:

1. **QUESTION:** *What type of glass (thickness, force protection, etc....) will be installed in the bay windows?*

**RESPONSE:** Force protection not required because the building is inside a secure area. Industry Standard all weather glass suitable for roll-up doors is required. There are several acceptable thicknesses available to choose from. Recommend thickness not exceed one quarter inch.

2. **QUESTION:** *Is the "source" line for the fire suppression system on the building side of the road/ parking area, or is on the opposite side of the parking lot?*

**RESPONSE:** It is on the building side, I wouldn't expect much pavement cutting if any at all.

**END OF AMENDMENT #2**
